

Integrated Solutions Simplified

Greater control, increased profits and easier communication, this is any entrepreneur's business dream come true. Payfirma's Integrated Solutions deliver exactly that, particularly in the restaurant and hospitality industry. Our turnkey-style systems will help your business grow. And they will help your bottom line, too.

Get Your System **Fully Integrated**

Payfirma can help integrate your business software and/or hardware seamlessly into our wide range of solutions. Your efficiency will grow with lower administrative costs and simplified billing. Payfirma is certified to more than 250 companies that help merchants deliver products and services more efficiently

Fully bundled with point-of-sale, tools for the back-office, business management, and guest services, Payfirma's Integrated Solutions – with their affordable and efficient touch-screen interfaces – will give you the flexibility to grow your business as you need it to grow.

World-Class **Integration Partners**

To deliver world-class end-to-end payment processing solutions, Payfirma integrates with some of the top business software and/or hardware providers, such as:

AJB Software
